**Essay Questions**

1. It has been our experience that every transfer/non-traditional student has a story to tell about their background and the road they have taken to get to this point. Some did not complete high school, but received a GED. Some went directly from high school to community colleges. Others went from high school to the military or work force. Still others describe a particular event or moment when they discovered what they wanted to achieve and what was needed to accomplish their goals. Please tell us the story of your journey to arrive at the decision to study at your chosen university.

2. Transfer/non-traditional students often tell us that their prior experience has taught them lessons that helped them to be successful. What lessons have you learned that you would like to pass on to other students?

3. If there has been a particularly influential faculty member or personal contact who has been instrumental in your decision to attend your chosen university, please describe that experience.

4. Please provide any other information that you believe is important to us in reaching a decision as to whether to provide you with a scholarship to attend your chosen institution.
